

SUMMARY

Almac's SADE SP440 is used in R&D applications for weight sorting both tablets and capsules, where batch sizes can vary from 1,000 – 250,000

CUSTOMER

Almac Pharma Services provides the most comprehensive range of services extending from research through pharmaceutical and clinical development to commercialization of product.

CHALLENGE

- Versatile to handle both tablets and capsules without change parts
- Flexible performance for batch sizes that varies from 1,000 to 250,000

SOLUTION

Offering high accuracy and the ability to handle many shapes and sizes without change parts, the SADE SP440 is ideal for the 100% check-weighing of large scale R&D batches.

OUTCOME

"SADE equipment is used by our Clinical Services Division. They recommended CI Precision to us and we now have a SADE SP140 and a SP440 in Pharma Services"
